

NEWSLETTER

MONTHLY
Mid June
2025

Note from our President:

HELP is excited to launch the June 2025 inaugural edition of its monthly newsletter. Through HELP's signature Lights-ON Program we have been successful in establishing ongoing trust with residents to provide: 1) energy efficient lighting measures and education to reduce energy bills, 2) improved public safety, 3) window inserts, 4) nonperishable food for hungry children, and 5) pre-apprenticeship training and employment opportunities. Thanks to our funders and partners, HELP has been able to provide high quality community-based programs by going door-to-door to offer our services. For more information about our services and program performance, please click on the Current Initiatives links below.

WHAT WE DO

- * We feed hungry Children.
- * We help the under served in our communities to reduce their utility expenditures.
- * We facilitate lead testing for young children.
- * We do well water testing for chemical and bacterial contamination.
- * We collaborate with the Department of Labor in providing training in the building trades for the underemployed and unemployed in our State.
- * Light up the Neighborhood and Drive down Crime!
- * The inspection team installs energy efficient products to help residents save on their energy bills.
- * Our Windows-ON program helps residents save on their utility costs because of the high insulation value of the double-sided insert.

We are very proud of these accomplishments for Delaware. The HELP Initiative has been acknowledged by State government, city and town governments, many law enforcement agencies. Many religious and civic associations and foundations have called upon us to assist with their respective missions. We are pleased to answer their call!
